EDUCATION

University of Illinois Urbana-Champaign — Expected Spring 2024
Ph.D. in Computer Science (advisor: Madhusudan Parthasarathy).
Ph.D. Thesis: Theory and Algorithms for Symbolic Learning.

Purdue University
M.S. in Computer Engineering (advisor: Benjamin Delaware). — 2016–2018
M.S. Thesis: A Core Calculus for Data Refinement.
B.S. in Computer Engineering (with highest distinction). — 2012–2016

RESEARCH INTERESTS

My interests are in the foundations of **symbolic learning and reasoning**, with a focus on the algorithmic problem of how to learn logical concepts over **structured data** like sequences, trees, graphs, or even encodings of the states of computer programs. This encompasses program synthesis from examples as well as learning logical classifiers over mathematical structures. Recently, I have been exploring how to **synthesize domain-specific languages** to support efficient few-shot learning.

AWARDS

ACM SIGPLAN Distinguished Paper Award at OOPSLA — 2023
ACM SIGPLAN Distinguished Paper Award at POPL — 2022
Illinois Wing Kai Cheng Fellowship — 2018
Purdue Ross Fellowship — 2016

WORKSHOP PUBLICATIONS

Paul Krogmeier, Steven Kidd, Benjamin Delaware.
Towards Context-Aware Data Refinement.
CoqPL 2018

WORK IN PROGRESS

Paul Krogmeier and P. Madhusudan.
Synthesizing DSLs for Few-Shot Learning.
Algorithms for synthesizing domain-specific languages that can be learned efficiently from few examples.
In preparation.

Paul Krogmeier.
Computing with Abstractions.
A new model of computation to study how abstractions emerge in an evolving computation.
In preparation.

INVITED TALKS

Languages with Decidable Learning: a Meta-theorem.
Boston University, Mar 2023.

Learning Formulas in Finite-Variable Logics.
Department of Software Engineering, St. Petersburg State University, Mar 2022.

INVITED WORKSHOPS

Dagstuhl seminar — Fall 2019
Logic and Learning

TEACHING

CS 421: Programming Languages and Compilers — **University of Illinois**
Fall 2019, Fall 2020, Spring 2021, Fall 2021 Spring 2022, Fall 2022, Spring 2023, Fall 2023

ECE 369: Discrete Mathematics for Computer Engineering — **Purdue University**
Fall 2017

SERVICE

Conference Reviewer

Formal Methods in System Design (FMSD)	2023
International Colloquium on Automata, Languages and Programming (ICALP)	2023
Logic in Computer Science (LICS)	2022

MENTORING

SIGPLAN-M Graduate Student Mentor — 2023 – Present

STUDENT WORKSHOPS

VMCAI Formal Methods Winter School — New Orleans, LA
Jan 2020

SRI Formal Methods Summer School — Atherton, CA
May 2019

Oregon Programming Languages Summer School — Eugene, OR
Jun 2017

MISCELLANY

Native English speaker, fluent in Spanish, conversational in German.
Jazz alto saxophonist with substantial performance and teaching experience.
Lover of snow, mountains, and skiing.
