

Paul Krogmeier | CV

122 Circle Lane Drive, West Lafayette, IN, 47906

☎ +1 765 404 6297 • ✉ pkrogmei@purdue.edu • 🌐 paulkrog.github.io

Pursuing master's degree in computer engineering from Purdue University. Seeking PhD opportunities in computer science.

Experience

- OPLSS 2017** **Eugene, Oregon**
Jun 2017
 - *Oregon Programming Languages Summer School*
Attended research lectures from experts in Programming Languages and Formal Methods. Participated in hands-on sessions for learning about current research software and techniques: Idris, PLT Redex, Concurrent C0
- Deep Learning** **West Lafayette**
Sep 2016–Dec 2016
 - *Purdue E-lab*
Used Torch7 deep learning framework to find solutions to reinforcement learning problems.
- Software for HPC cluster administration** **Medellin, Colombia**
May 2016–Jul 2016
 - *APOLO computing group*
Developed software to produce client usage reports for a Linux Rocks cluster administrative team.
 - Wrote python scripts to query cluster load and usage patterns and to present gathered information clearly and succinctly
 - Interfaced with TORQUE and SLURM resource management systems
- Embedded systems programming** **West Lafayette**
May 2014–Jul 2014
 - *Purdue OADA undergraduate research team*
Developed software for a wireless, embedded semi-truck weight sensing application. The goal was to provide a way for truck drivers to quickly learn the weight of their load through an app interface that communicated wirelessly with an embedded circuit board.
 - Interfaced Nordic nRF51822 SoC to air pressure sensors over I2C
 - Programmed communication between Android application and SoC using Bluetooth Low Energy stack

Education

Graduate.....

- Purdue University** **West Lafayette**
2016–present
 - *M.S. Computer Engineering, GPA: 3.98*
 - **Teaching Assistant:**
 - ECE 369 – Discrete Math
 - **Masters Project ('Formalization of Fiat in Coq')**
Developing proof of type safety for the Fiat specification language in Coq. Additionally, exploring the potential for synthesis of performant Haskell code from high level specifications.

Undergraduate.....

- Purdue University** **West Lafayette**
2012–2016
 - *B.S. Computer Engineering, GPA: 4.0*

Courses.....

Graduate

CE 642 – Information Theory and Source Coding
CS 590 – Reasoning About Programs (Audit)
CE 573 – Compilers and Translator Systems
CE 608 – Computational Models and Methods
CE 600 – Probabilities and Random Processes
CS 565 – Programming Languages
CS 590 – Artificial Intelligence and Causal Inference
CS 584 – Theory of Computation and Complexity
CS 573 – Data Mining

Undergraduate

CE 368 – Algorithms and Data Structures
CE 369 – Discrete Math
CE 364 – Python and Bash Scripting Lab
CE 337 – ASIC Design Laboratory
CE 437 – Computer Architecture
CE 477 – Digital Systems Senior Design

Technical and Personal skills

◦ **Programming Languages:**

Proficient in: C/C++, Python, Matlab, and Verilog

Basic experience with: SML, Idris, Racket, x86 ISA, MIPS ISA, Java, Lisp, Jekyll/HTML/(S)CSS

◦ **Research Software:** Coq, Rosette, Sketch, Fiat

◦ **Natural Languages:** Fluent in Spanish, German, and English (native)

◦ **Other:** Lead alto saxophone player in Purdue University Jazz Band

Awards

◦ **Purdue Ross Fellowship:** May 2016

◦ **100K Strong in the Americas Scholarship:** August 2014
